User Log In

When an user open the app first time then this UI will appear. And when he/she set all the value of the field correctly then he/she will able to Sign in. When an user want to save his sign in status then he/she must have to checked this remember check box.

This UI has three major section.

- i. i. Sign in
- ii. li. Sign up as user
- iii. lii. Login as Admin

The image shows a mobile application interface for a 'Notice Board'. At the top, there is a purple header bar with the text 'Notice Board' in white. Below the header, the main content area has a light gray background. In the center, the text 'Notice Board' is written in a large, elegant, purple script font, with '(User LogIn)' in a smaller, plain font underneath it. Below this, there are two input fields: 'Email' and 'Password (Compulsory)', both with thin purple borders. A gray button with the text 'SIGN IN' in black is positioned below the password field. Under the button, there is a checkbox followed by the text 'remember me' in red. At the bottom of the form, there are two links: 'new user? Sign Up here' and 'Log In as Admin? click here', both in a purple script font. The top of the screen shows a status bar with the time '3:38 AM', network speed '0.25K/s', and various icons for battery, signal, and connectivity.

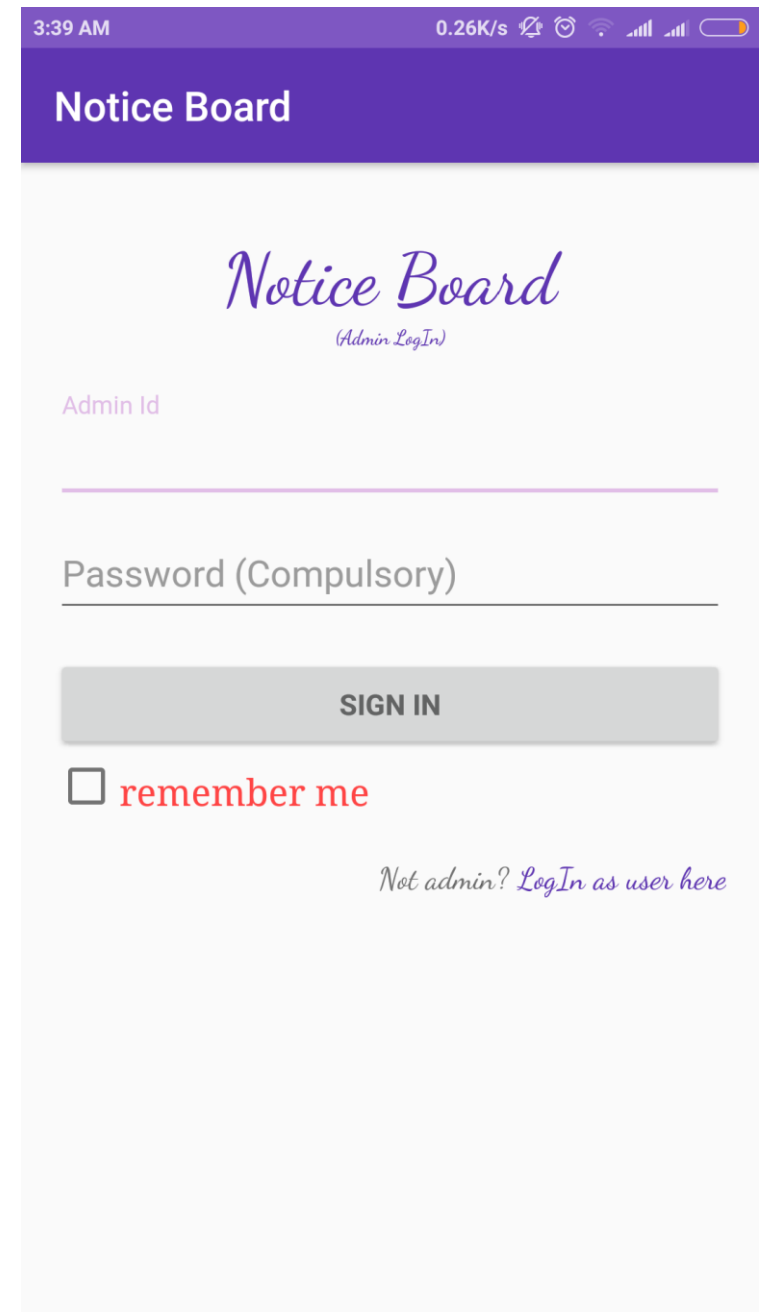

Sign in as Admin

When an admin want to sign in then this UI will appear.

Here we can Sign In as

1.Discipline Admin

2.Varsity Admin

The image shows a mobile application interface for an admin login. At the top, a purple header bar contains the text "Notice Board". Below this, the app title "Notice Board" is displayed in a purple script font, with "(Admin LogIn)" in a smaller, lighter purple font underneath. The login form consists of two input fields: "Admin Id" and "Password (Compulsory)", both with purple borders. Below the password field is a grey "SIGN IN" button. Underneath the button is a checkbox labeled "remember me" in red text. At the bottom right, there is a link that says "Not admin? LogIn as user here" in a purple script font. The top status bar of the phone shows the time as 3:39 AM, a data speed of 0.26K/s, and various connectivity icons.

Create New post as Batch Admin

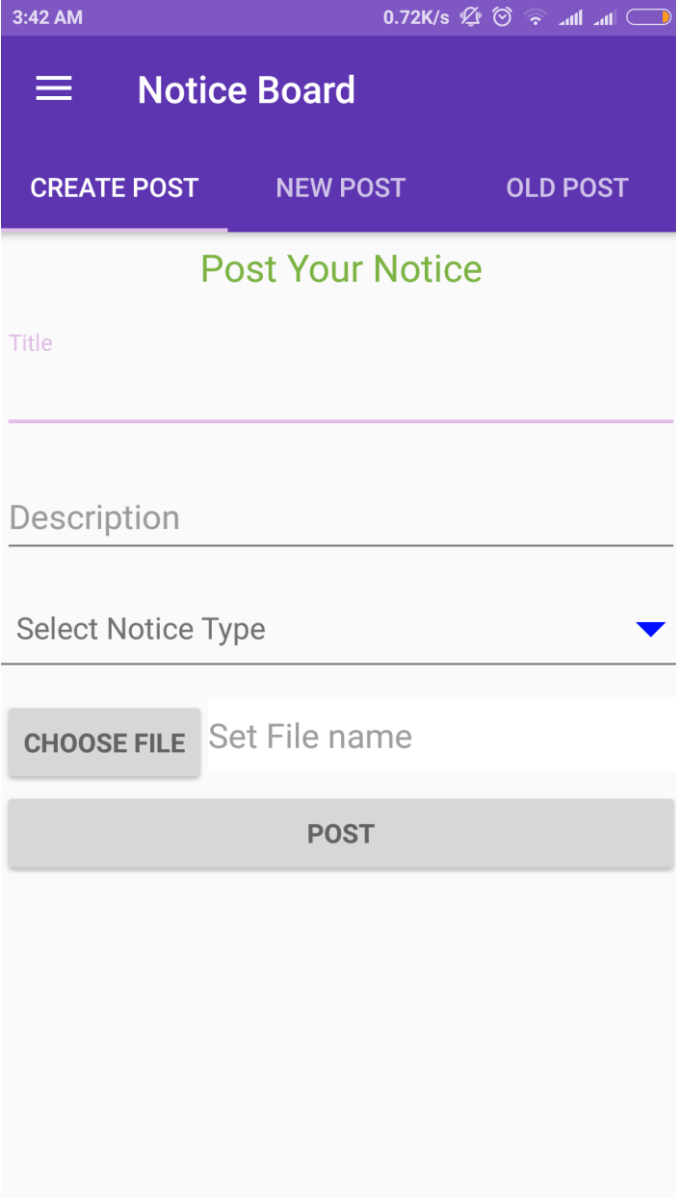

In this tab an Admin can create new post. One can change the file name by set new file name.

File upload section is appeared only when the user act like as an Admin.

There are two types of notice

One is For all, And another is only for my batch.

Only for my batch means only admin's batch mates can view this type of notice. Those who subscribed this batch before, he can only view another type of notice.

The screenshot displays the 'Notice Board' app interface. At the top, the status bar shows the time as 3:42 AM, a speed of 0.72K/s, and various system icons. The app's header is purple with a hamburger menu icon on the left and the title 'Notice Board' in white. Below the header, there are three tabs: 'CREATE POST', 'NEW POST' (which is selected and highlighted with a white underline), and 'OLD POST'. The main content area has a green heading 'Post Your Notice'. It contains three input fields: 'Title' (with a light purple label), 'Description' (with a light grey label), and 'Select Notice Type' (with a blue downward arrow). Below these fields, there is a section for file upload with a grey button labeled 'CHOOSE FILE' and a text input field labeled 'Set File name'. At the bottom of this section is a large grey button labeled 'POST'.
